Max Weight of Coil: 20,000 lbs

Max Coil Diameter: 72"

Specialties: Carbon product; including Hot Rolled, Hot Rolled Pickled and Oiled, Cold Rolled and Coated Product such as Galvanized and Galvanneal

Armor Contract Manufacturing provides coil slitting for fast delivery at competitive prices with our in-house coil processing. Our expertise in steel procurement, combined with our in-house slitting lines, dramatically reduces the time to produce your production ready parts. All coil processing includes slitter set-up, load, run time, unload, final banding, labeling and storage. Steel can be inventoried and then slit to final widths once die dimensions are determined.

Our convenient location in the Midwest is ideal for fast shipping throughout the United States and Canada. Find out what Armor Contract Manufacturing can do for you today!

We are committed to producing high volume washers and metal stampings that meet the toughest industry standards.
