

ARMOR
CONTRACT MANUFACTURING

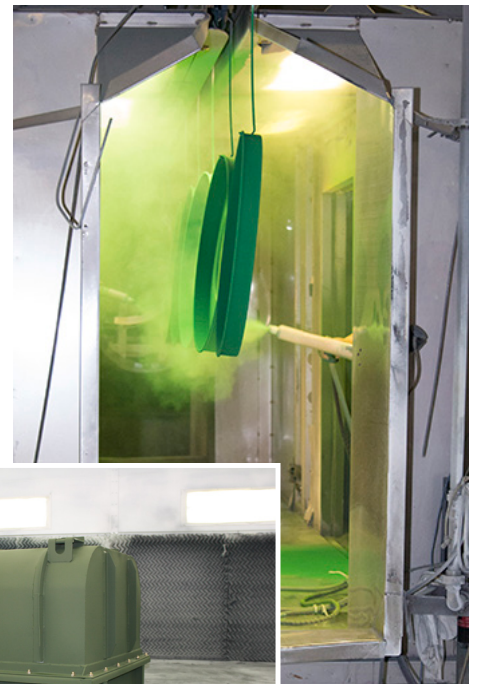

Painting

The capabilities and expertise
to handle all your needs

Armor Contract Fabrication and Manufacturing is your one-stop solution for a wide variety of custom designed, engineered products.

We are experienced in both large and small production runs, large scale units, and building to government specifications.

Armor Contract Manufacturing has one of the largest in-house paint booths in the Midwest. The Armor paint system was designed with a single notion in mind; give the ability to prep, paint, and prime nearly any product, no matter the size. We have the capability for a variety of paint and finish options, including Wet paint, eCoat, CARC, and Powder Coat.

Environmental Benefits of the Armor Paint System:

- All Booths and equipment are EPA certified
- Meets or exceeds all local, state and federal regulations
- All solvents recycled to GE purity specifications
- Three-stage exhaust air filtration
- Automated filter monitoring to reduce waste
- All discharge water and solvents contained on-site for recycling
