

ARMOR CONTRACT

Engineering

The capabilities and expertise to handle all your needs

Armor Contract Fabrication and Manufacturing is your one-stop solution for a wide variety of custom designed, engineered products.

We are experienced in both large and small production runs, large scale units, and building to government specifications.

Armor's 25+ member engineering team offers a full array of design capability including mechanical, electrical hardware, and software design. Our expertise spans a diverse portfolio of standard product lines with the ability to customize the design to your individual specifications upon request.
